Selecting the Docket Event

This section will list the ECF Events available to registered users for the District of Utah. If the event is followed by a *(No Image)* or *(Text Event)* notation then you will not need to attach a document when filing that event. If the event is followed by a *(fee)* notation, your account will be charged if you select that event. If you would like to suggest changes or additions to the event lists, you may submit a change request form found on the court's website.

This chapter will list events:

- Alphabetically
- Categorically
- Fee Events

1.1

Events listed Alphabetically

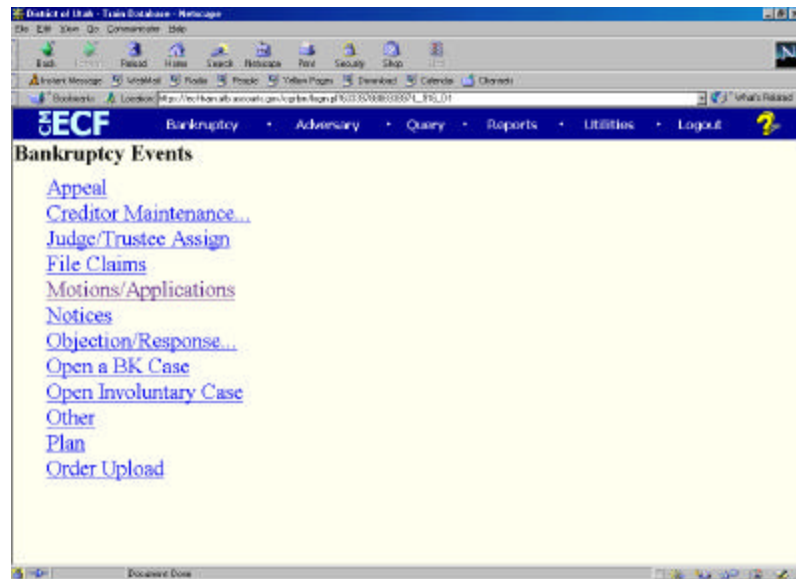

Figure 1

Do not use the Complaint event under the Adversary menu, in the Complaint/Summons category, to file a new adversary case. Use **Open an AP Case** to open a new civil proceeding.

The docket events shown on the pages that follow are formatted to list the event first, then the menu option is typed directly after the event. The menu option is shown in the dark portion of Figure 1 (displayed in blue on a computer screen). After selecting the menu option, the next item shown is the category under which you will find the event. The categories shown in Figure 1 are Appeal, Creditor Maintenance, Judge/Trustee Assign, etc.

Not all events that could occur in a civil proceeding are found under the Adversary menu. It may be necessary to file some adversary documents under the Bankruptcy menu section. **If you don't find your event under the Adversary menu use the Bankruptcy event to file your pleading.**

Docket Event with Fees

Users with multiple login accounts will need to track fees for each individual account assigned.

This section will list the events that will automatically request payment of a fee if selected. If the filer selects multiple fee events the total amount due for both events will be added together and charged to the credit card entered.
